WORD "BUDWEISER" a remarkable word.

> It is the only trade-mark-word that has become part and parcel of the language.

> When, later, it arrives in the dictionary, as it will, eventually, through universal popular using, you'll find it ranking not as a noun merely, but as an adjective in the superlative degree, signifying the supreme and absolute of quality and purity that is purity.

An Episode of the Gold Days of California.

The Boatmen's Bank of St.

The Boatmen's Bank of St. Louis, Mo., was organized in 1847, as the Boatmen's Saving Institution, to encourage thriftamong the boatmen and industrial classes. There was no capital stock, the deposits made by customers furnished the capital.

Among the original depositors was Capt. Thomas Dennis, a well-known steamboat man. He deposited \$100 in the Institution in

When gold was discovered in California in '49, the Captain got the "gold fever," and left for the west. Nothing was heard of him for many years, until May 5th, 1874, a tall Californian appeared at the Bank, and produced the old deposit book of Captain Thomas Dennis. When told that the original deposit of \$100 had grown in 26 years to \$2565, he was amazed. He drew the money in gold, remarking that there were were gold mines in other places than California.

·@@@@@@@@@@@@@@@@@@@@@@@ THE ROBBER TARIFF AND EUROPEAN PAUPER LABOR.

that the robber tariff protects When a Republican tells you the American laborer from competition with European pauper labor, call him on the spot. Take . him to Rhode Island, the home of Senator Aldrich, the high pricet of protection. Show him by the 22nd annual report of the Rhode Island bureau of industrial statistics these facts:

"Wages of operatives in wool-

a week; 93 per cent of employes foreign born.

"Wages in cotton mills, \$7 to \$8 a week; 80 per cent of operatives foreign born.

Wages in rubber factories, \$8 to \$9 a week; '- per cent of employes foreign born." Where does the American la

borer come in at in Rhode Island? Princely (?) salary paid, and largely to "foreign born pawper labor," too. The bold, naked truth about a high protective tariff is that it protects nobody but the millionaire manufacturer and trust magnates. All this talk about its keeping the American laborer from coming into competition with European pauper labor is a sham, a deceit, delusion. Almost every day in the year a coach load of "dagoes" crosses the Mississippi into Missouri. Who sent for them? Corporation. Who is paying their way over here? Corporation. What do the corporations want with them? To take the places of American laborers at one-half the salary. And yet these same corporations, the beneficiaries of the high tariff laws, prate about protecting the American laborer! Don't let any Republican, with his feet under the ple counter, make that argument to you and get away without hearing from Rhode Is-
